the stunning elegance and luxurious interiors of today's vast fleet of cruise liners remains unrecorded in all but holiday brochures this book gives a complete overview of the cream of these ships today's queens of the sea each liner is illustrated and described with color illustrations of external and interior views details of the design building and service history of each vessel are provided with vital statistics of the ship and its facilities among

the ships included are Cunard's Queen Victoria and Queen Mary 2 the big new Princess Line liners Ruby Grand Sea and Celebrity Eclipse the two Ocean Village ships and the largest of the P&O liners Ventura Oceana Arcadia Aurora and Artemis this is a book of reference for maritime enthusiasts would be holiday cruisers and those who have been passengers

Cruise Operations Management provides a comprehensive and contextualised overview of hospitality services for the cruise industry as well as providing a background to the cruise industry it also looks deeper into the management issues providing a practical guide for both students and professionals alike a user friendly and practical guide it discusses issues such as the history and image of cruising how to design a cruise and itinerary planning roles and responsibilities on a cruise ship customer service systems and passenger profiles managing food and drink operations onboard health safety and security cruise operations management presents a range of contextualised facts illustrated by a number of case studies that encourage the reader to examine the often complex circumstances that surround problems or events associated to cruise operations the case studies are contemporary and are constructed from first hand research with a number of international cruise companies providing a real world insight into this industry each case study is followed by questions that are intended to illuminate issues and stimulate discussion the structure of the book is designed so the reader can either build knowledge cumulatively for an in depth knowledge of managerial practices and procedures onboard a cruise ship or they can dip in and make use of specific material and case studies for use within a more generic hospitality or tourism learning context

the business of cruise tourism in recent years has commanded news media attention especially on issues of environmental pollution passenger safety and worker rights yet consumer interest in cruise vacations has not been adversely affected by negative publicity and it continues to grow at an average of 8.9 per annum this unique mode of business focusing on the production and consumption of pleasure at sea and on land offers us an unprecedented opportunity to analyze the manner in which ongoing economic restructuring processes to bring about free markets in goods services and labour can and does involve both life on land and at sea this interdisciplinary analysis elicits an examination of states relationship to the maritime regulatory structure governing ship ownership management and operations cruise lines business strategies development of port communities to capture cruise related revenue changing leisure consumption patterns and meanings and the employment of foreign migrant workers as seafarers

the cruise ship market is a 30 billion dollar industry and in 2013 it is estimated that it will carry more than 20 million passengers nor is there any sign of a slow down in the seven percent annual growth what keeps the passengers coming in such huge numbers isn't the food the ports or the entertainment they come for the magnificent floating palaces themselves the giants of the sea in this new book the author showcases the most influential cruise ships of the last three decades beginning with royal caribbean's ground breaking sovereign of the seas when she was launched in 1988 she was the largest passenger ship constructed since cunard's queen mary entered service some 48 years earlier and her entry into service sparked a fiercely competitive building boom that continues to this day the reader is taken aboard thirty of the most spectacular ships to reveal how their innovative designs changed the landscape of modern cruising by employing original and archival photographs deck plans cruise programmes as well as the author's intimate knowledge of many of these vessels a unique picture is built up of these great ships and it becomes clear that the true golden age of cruising is not in some distant past but exists right now and that its origins can be traced back to one ship launched in 1988 a truly sumptuous and fascinating book for all those drawn to the world of the modern cruise ship as seen in ships monthly magazine

explores problems in the cruise industry

completely updated and revised cruise ship tourism 2nd edition covers the economic social and environmental impacts of cruising combining the latest knowledge and research to provide a comprehensive account of the subject despite the industry growing rapidly there is a substantial gap in the related literature and this book addresses the key issues for researchers students and industry professionals a valuable one stop shop for those interested in cruise ships and maritime tourism this new edition from major names in the field is also an invaluable resource for anyone concerned more widely with tourism and business development
